Objective:

This test suite covers highest-risk parts:

1. Widget availability
2. Date selection
3. Currency selection
4. Historical rate accuracy

Technology:

Cypress; JavaScript

Project Structure:

Cypress/e2e/TC01CurencyTable.cy.js

Cypress/e2e/TC02HistoricalDateSelection.cy.js

Cypress/e2e/TC03BaseCurencySelection.cy.js

Cypress/e2e/TC04EurToUsdGpb.cy.js

Cypress/screenshots

Installation:

Install dependencies: npm install

Install Cypress: npm install cypress --save-dev

Run Tests:

Open Cypress UI: npx cypress open

Run all tests: npx cypress run

Run a single test: npx cypress run --spec cypress/e2e/ TC04EurToUsdGpb.cy.js

Scope:

Widget Availability – Service Unavailable (Smoke test)

Date selection – Historical lookup is broken (Historical date functionality)

Currency selection – User Workflow is broken (Currency selection functionality)

Known Rates - Updates might introduce incorrect calculations (Business Requirement)

Test Cases:

TC01 - Currency table verification

Covers: Widget availability; Loading of data

Steps:

1. Open Currency Tables

Expected Result:

1. Currency table is visible
2. More than 10 currency rows are displayed

TC02 – Historical Date Selection

Covers: Date lookup functionality

Steps:

1. Open Currency Tables page
2. Open date picker
3. Select date: 2010-01-31
4. Click on “Confirm” button

Expected Result: Date is 2010-01-31

TC03 – Base currency selection

Covers: Currency selection

Steps:

1. Open Currency Tables page
2. In Currency text box type in “EUR”
3. Select “EUR”
4. Click “Confirm” button

Expected Result: URL contains “from=EUR”

TC03 - Known USD and GBP values verification

Covers: Business requirement

Steps:

1. Open Currency Tables page.
2. Select date 2023-02-01.
3. Select base currency EUR.
4. Confirm selection.
5. Review displayed rates.

Expected Result:

1. USD rate equals 1.0918121631244302
2. GBP rate equals 0.8871386636267415

Bugs found during exploratory testing:

Non valid dates are visible

Steps:

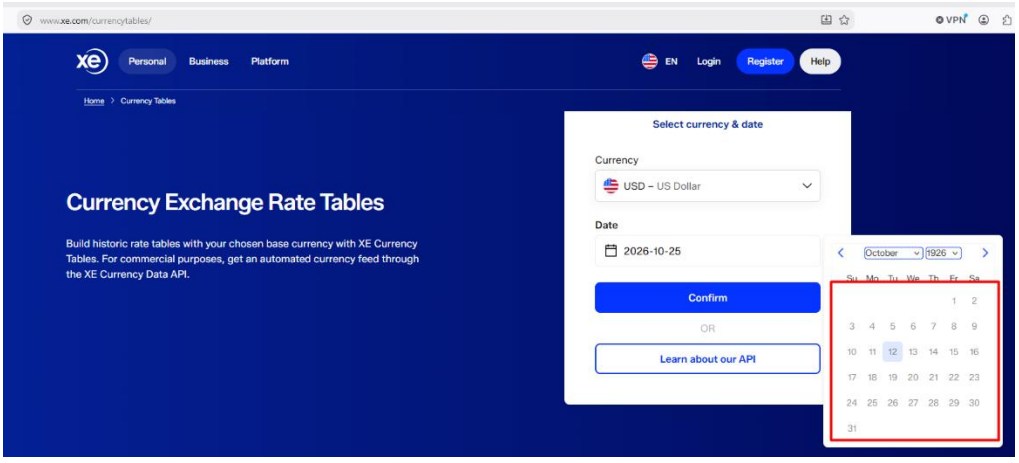

1. Go to: https://www.xe.com/currencytables/
2. Open date picker
3. Select year 1926
4. Try to select any day

Actual Result: Date is not selectable

Expected Result: Date should not be visible

Chrome version: 155.0.8059.86 (Official Build) (64-bit)

Firefox version: 155.0.1 (64-bit)

Link for button “Learn about our API” leads to empty page

Steps:

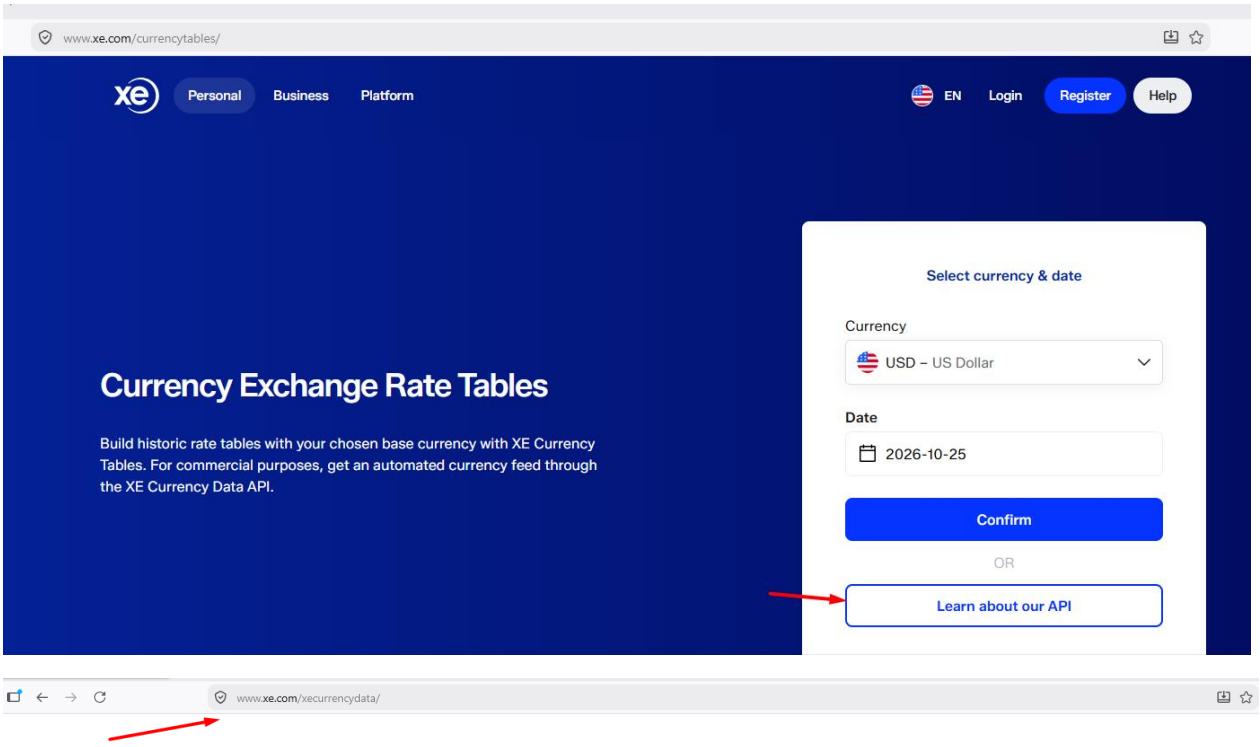

1. Go to: https://www.xe.com/currencytables/
2. Click on “Learn about our API” button
3. Observe the page

Actual Result: User is redirected to empty page

Expected Result: Page is shown / error message is visible

Chrome version: 155.0.8059.86 (Official Build) (64-bit)

Firefox version: 155.0.1 (64-bit)

Header is overlapped by date picker

Preconditions: Browser is window mode

Steps:

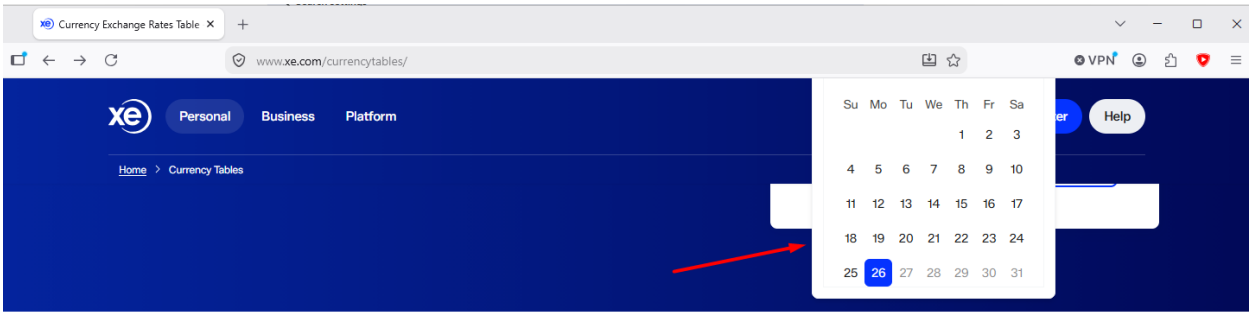

1. Go to: https://www.xe.com/currencytables/
2. Open date picker
3. Observe the page while scrolling up and down

Actual Result: Date picker is over buttons and header

Expected Result: nothing is hidden behind date picker

Chrome version: 155.0.8059.86 (Official Build) (64-bit)

Firefox version: 155.0.1 (64-bit)
